70 cm built-in bottom mount refrigerator H193, sliding door

Professional Series

REF704BBNPTC-S

This 70 cm sliding door built-in refrigerator has a total capacity of 341 liters. The refrigerator is equipped with 4 shelves, 3 of which with variable height, and 4 door bins with adjustable height, one of which for higher containers. The Fresco Drawer allows you to set an independent temperature, to better preserve your meat and fish.

The Total No Frost cooling system avoids the formation of ice and bacteria. The touch screen display has been designed for maximum ease of use and shows the current temperature in the appliance, providing the most accurate feedback possible. The backlit LED panel ensures perfect surround lighting.

This panel ready refrigerator with reversible sliding door hinges is compatible for left or right hinged installation allowing installation with minimal lateral space compared to adjacent furniture. E energy class.
