

60 cm Built-In Bottom Mount Sliding Door Heritage Series

REF60BI

The Bertazzoni 60 cm built-in bottom mount refrigerator offers 182 litres capacity split between the fridge and two freezer draws. There are three shelves in the fridge with a bottle compartment. The Total No Frost system means you never have to defrost it. The touch controls are positioned to make adjusting the temperature easy and LED lights let you find what you're looking quickly. Designed to fit seamlessly into your kitchen with the Sliding Door system. A+ energy class.
