

60 cm built-in H177 door on door Master Series

REF603BBNPVC

This Bertazzoni 60 cm built-in bottom mount refrigerator offers 256 litres capacity split between the fridge and three freezer draws. There are four shelves in the fridge with a bottle compartment. The No Frost system of the freezer means you never have to defrost it. The touch controls are positioned to make adjusting the temperature easy and LED lights let you find what you're looking quickly. Designed to fit seamlessly into your kitchen. A++ energy class.
