

90 cm 5-Burner, Gas Range Cooker Professional Series

PRO905GGVLXC

Bring Italian design and precision into your kitchen with the Professional Bertazzoni 90x60 gas cooking range, "C" version. Cook like a pro on the five Aluminum burners and cast iron contour grates, spaciouly laid out to accommodate pots of different sizes.

Crank up the heat to boil water, sear meat or cook with a wok using the 4KW power burner, which boil water faster than any burner in their class. Delicately melt chocolate on the simmer burner.

Protect your house and your family with the 100% fail-safe thermocouple technology that immediately shuts off the flow of gas in case of a flame outage. Clean in no time after cooking, thanks to the seamless one-piece stainless worktop with integrated spill-control dams and catalytic liners inside the oven cavity.

Designed and manufactured with pride by Bertazzoni in Italy.
